

# PUBLIC NOTICE TO ALL CUSTOMERS OF THE STOUGHTON WATER UTILITY

The Stoughton Water Utility has filed an application with the Public Service Commission of Wisconsin (Commission) to increase water rates. The increase is necessary due to a 17.33 percent increase in gross plant investment and an 8.98 percent increase in operating expenses since the last water conventional case was completed in 2022.

The total increase in water revenues requested is \$465,254 which will result in an estimated overall rate increase of 18.92 percent over the water utility's present revenues. If the request is granted, the water bill for an average Residential customer with a 5/8-inch or 3/4-inch meter who uses 3,000 gallons of water per month will increase from \$28.86 to \$33.74, or 16.91 percent, including the public fire protection charge.

A public hearing on the application has been scheduled for Wednesday, May 21, 2025 at 11:00 a.m. Parties and Commission staff appear by Zoom. Parties and Commission staff may use the telephone connection as a backup or if no practicable internet connection exists. Members of the public attend by Zoom, by audio-only telephone connection, or at the address below.
