Wisconsin Statute 101.865 (1):

101.865 REGULATION OF ELECTRIC WIRING. (1) It is hereby made the duty of every contractor and other person who does any electric wiring in this state to comply with the Wisconsin state electrical code, and the company furnishing the electric current shall obtain proof of such compliance before furnishing such service; provided, that nothing therein contained shall be construed as prohibiting any municipality from making more stringent regulations than those contained in the Wisconsin State Electrical Code. Proof of such compliance shall consist of a certificate furnished by a municipal or other recognized inspection department or officer, or if there is no such inspection department or officer it shall consist of a written statement furnished by the contractor or other person doing the wiring, indicating that there has been such compliance.

IMPORTANT: Before electricity can be furnished, this written statement, signed by the person doing the wiring, must be submitted to the office of Stoughton Utilities. Please note that the wiring, prior to connection, must also be in compliance with certain additional installation requirements of the utility which are not stated in the Wisconsin State Electrical Code. Details are available at our office.

STATEMENT THAT ELECTRIC WIRING IS COMPLETED AND READY FOR SERVICE

_____, the person doing the wiring, with the written statement, states that the following described work of wiring for electricity was done to comply with all requirements of the Wisconsin State Electrical Code and the service rules of Stoughton Utilities, and that this statement is made pursuant to and in compliance with the provisions of Section 101.865 (1) of the Wisconsin Statutes.
